

# FIND YOUR Moisturiser MATCH

Moisturise, moisturise, moisturise: it's the biggest Annique beauty tip you will hear. Moisturising brings back lost moisture and hydration levels and helps protect the skin from problems like blemishes, fine lines and wrinkles! It sounds pretty easy but it can be a little intimidating and confusing at times. Read below as we find your perfect moisturiser match.

Moisturiser can also be applied up to 8 times during the day and not just in the morning and at night. Just like you drink water when you are thirsty, you need to apply moisturiser to your skin as often as it needs it. Remember to press moisturiser onto the face – DO NOT rub it in.

Dry, dehydrated and mature skin
