

SKIN DETOX

If your skin needs a boost, you'll love the benefits that Essense Skin Detox brings to the party.

Combining the Essense Skin Detox treatment with your daily skin care routine boosts hydration and protects your skin from harsh external elements that cause acne, dryness, flaking and scarring, like sun, wind and heat.

Other benefits:

- Fragrance free
- Purifies the skin

Who needs Skin Detox?

If you are struggling with the following, you **NEED** Skin Detox!

- Acne and pimples
- Pigmentation marks
- Dry and aged skin
- Black and whiteheads

Why is detox necessary?

A skin detox helps you cleanse, treat, brighten, moisturise, and soothe your skin back to its optimal condition. It removes impurities, toxins, pollutants, and dead skin cells and allows your skin to breathe. It's a #nobrainer, so start today!

Essense Skin Detox Benefits

It acts as a free radical scavenger.

It replaces essential fatty acids in the skin and supports trans-epidermal water retention.

It reduces acne, pimples, pigmentation marks, ageing symptoms, and dullness.

Did you know?

Centella Asiatica (Tiger's Herb) Leaf Extract contains anti-inflammatory properties, assists in wound healing by boosting antioxidants, increases blood supply to strengthen skin and contains natural antibiotic properties for the skin. In Chinese medicine, Centella Asiatica is sometimes called the "fountain of youth" due to its healing properties and positive effects on well-being.

“ We are absolutely addicted to Essense Skin Detox. It feels fabulous on your skin, and it calms it down immediately. I sell it to a lot of clients to help with dehydration, especially in the wintertime. It is also excellent for whiteheads under the skin. Many of my clients put it on their skin first thing before any other products since it helps to prevent sensitivity. We also give it to clients with eczema, together with the Sensitiv moisturiser. It works miracles. ”
