

LOOK YOUNGER NOW!

If you want younger-looking skin, these two dynamic beauty products are your non-invasive alternatives to surgery and injections.

Annique Rooibos Forever Young Bo-Serum and Forever Young Crème De Nuit will visibly soften lines, nourish and repair your skin while sleeping. If looking younger is the goal, these products are your MVPs!

Botox in a tube – you'll see your wrinkles diminish with every application of this potent serum!

Bo-Serum

- Helps to visibly soften lines on areas of the face that involve repeated facial expressions – like smiling and frowning – giving the skin a more youthful appearance
- Contains anti-ageing Rooibos as well as Cogon grass botanical extract that is high in potassium which help your skin retain moisture.
- Will help you stop fine lines and wrinkles and soften and relax existing ones

De-stress skin

Anti-ageing

Benefits

Relaxes skin

Irons out wrinkles

Fragrance free

Annique Rooibos Forever Young Crème De Nuit is a rich anti-ageing night cream that enhances the skin's repair process by providing the necessary nutrients that the skin needs to heal itself while you sleep.

Did you know?

The skin repairs itself at night after exposure to the day's elements, pollution and stresses.

Suitable for all skin types

Nourishes and improves moisture retention

Benefits

Anti-ageing

Nourishes and improves moisture retention

Crème De Nuit

- Contains VNA10+, an ingredient that nourishes and repairs your skin. Combining VNA10+ with Rooibos extract turns it into an unbeatable night-time treat.
- Is a rich anti-ageing night cream that enhances the skin's repair process by providing the necessary nutrients that the skin needs to heal itself while you sleep.
- Feels elegant and luxurious on your skin. It nourishes and moisturises your skin and is recommended for dry, mature and dehydrated skin.
