## Combination Skin Quiz

- Dry cheeks
- Oily forehead, nose and chin
- Occasional enlarged pores
- Skin is dry in winter and normal in summer

Two or more ticks mean you have combination skin

- Skin can be dry or normal in some areas
- Oily in other regions – especially the T-zone (forehead, nose and chin)
- They may have pores that look larger than normal

# skin care range!

This exceptional range provides the perfect moisture balance for normal and combination skin and will leave yours refined and beautiful.

**Hydrafine Moisturiser 50ml**

Soothes, hydrates, conditions and softens normal and combination skin, helps absorb excess oil on the skin surface and reduces shine on the T-panel.

**Hydrafine Freshener 100ml**

Cools, calms and soothes skin while controlling dryness and oiliness to help prevent irritation and breakouts and helps to restore the pH balance of the skin.

**STEP 4: Moisturise**

**STEP 5: Freshen up**

Green Rooibos extract – rich in skin-soothing antioxidants, encouraging healthy skin.

Marinematt – produces an immediate mattifying agent, absorbing excess sebum on the skin's surface. It is astonishingly light and respects oily and combination skin.

Moistbalance – a blend of sophisticated natural skin moisturisers, rebalances the skin's hydration status, replenishing the skin's moisture levels, particularly on the dry cheek areas.
