Show guests how to apply the exfoliator by encouraging them to work it onto their one hand in gentle circular motions. Then rinse their hand in lukewarm Rooibos-infused water so they can feel the difference before and after exfoliation. **Essence Moisture Masque 50ml**

SCESS21131

Essence Moisture Masque is an intensely moisturising, gentle and nourishing masque. You can use it as an overnight or emergency treatment, and it can be applied on top of your other Annique Rooibos products. Macadamia nut and sweet almond oil intensely moisturises and nourishes and it will leave your skin feeling soothed, optimally hydrated and relaxed.

### At the Pamper Party

Dispense a small amount of the masque for each guest and encourage them to apply it to one hand (the one exfoliated earlier) or to one side of their face (avoiding the eye area).

Talk about the soothing properties of the masque and remind them that it can also be used as an overnight masque.
