

# TRIPLED HYDRATION. Results? Undeniable.

## Dry skin getting you down?

Say goodbye to dry skin woes and hello to **Essense Hyaluronic Acid<sup>3</sup> Serum** – your skin's new moisture magnet. Powered by **Triple Hyaluronic Acid Complex** that contains 3 types of hyaluronic acid (high, low and very low molecular weight), this serum delivers deep, multi-layer hydration to your skin for a plumper, smoother and hydrated skin.

## Hyaluronic Acid – The Gold Standard in Hydration

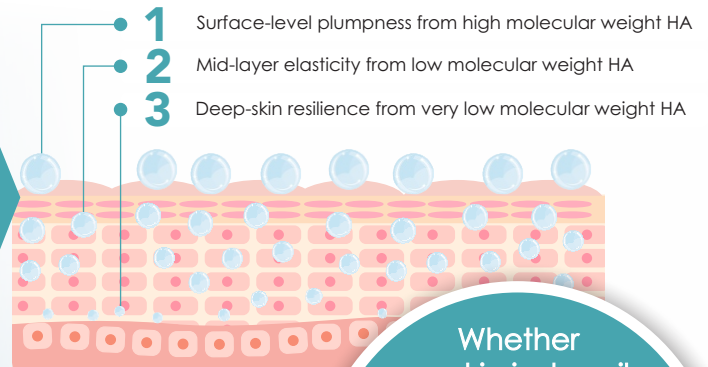

Experience the elegance of advanced skin care with **hyaluronic acid**, a prestige ingredient renowned for its ability to **intensely hydrate** and **plump the skin**.

- Binds up to **1 000 times its weight in water**
- Smooths the appearance of fine lines and wrinkles
- Leaves skin feeling supple, dewy and radiant
- Enhances your skin's natural barrier and glow

Each type of HA in our innovative **Hyaluronic Acid<sup>3</sup> Serum** works like a hydration taskforce:

Whether your skin is dry, oily, or somewhere in-between, **Essense Hyaluronic Acid<sup>3</sup> Serum** leaves it feeling balanced, bouncy and beautifully hydrated.

## Benefits

### Triple skin layer hydration

### Plumping & smoothing effect

- High Molecular Weight HA forms a protective film on the surface of the skin to smooth and soften instantly.
- Skin feels more supple and looks visibly refreshed right after application.

### Stimulates natural hyaluronic acid production

**Long-lasting results** - extends hydration over time and improves moisture retention.

**Barrier repair & soothing** - ideal for all, including sensitive or compromised skin.

**Antioxidant protection - green Rooibos** helps to calm inflammation and protect against environmental stress.

**Fragrance-free**
