

Is your skin barrier in need of repair?

Signs your skin barrier may be compromised:

- Skin feels dry, tight or dehydrated
- Redness, irritation or sensitivity
- Skin stings / burn when product is applied
- Skin appears dull, rough or uneven
- Breakouts or irritation appear more easily

Key Ingredients:

‣ Ceramides

Skin-identical lipids that help repair and strengthen the skin barrier while reducing moisture loss.

‣ Jojoba Oil

Nourishes and balances the skin while supporting barrier health.

‣ Allantoin

A soothing ingredient that helps calm irritation and support skin recovery.

‣ Castor Oil

Helps soften the skin and seal in moisture for lasting comfort.

‣ Squalane

A lightweight lipid that replenishes lost moisture and supports barrier function.

‣ Rooibos

A powerful antioxidant that helps soothe stressed skin and defend against environmental stress.

Skin-supporting benefits:

- Helps restore and strengthen the skin barrier
- Provides deep, long-lasting hydration
- Calms redness, irritation and sensitivity
- Nourishes and softens the skin
- Supports skin comfort and resilience

Ideal for:

- Dry, sensitive or compromised skin
- Skin experiencing redness or irritation
- Skin exposed to environmental stress
- Skin using active ingredients such as retinol or exfoliating acids
- Seasonal dryness or climate stress
- Suitable for all skin types

Did you know:

Healthy skin begins with a strong barrier. When the skin barrier is compromised by environmental stress, harsh treatments or natural ageing, skin can become dry, sensitive and reactive.

Why skin barrier repair matters:

The skin barrier is the skin's first line of defence.

When compromised, skin may experience:

- Dehydration and moisture loss
- Redness or irritation
- Sensitivity and reactivity
- Increased signs of premature ageing

Barrier Repair Masque helps restore the skin's protective structure so skin feels calmer, stronger and more comfortable.

How to use:

- Apply to face and neck 2-3 times per week
- Leave on for 10-15 minutes and rinse after cleansing or
- Use as an overnight leave-on treatment after applying your preferred treatment products, for intensive repair
