Hyaluronic Acid

THE GOLD STANDARD IN HYDRATION

Experience the elegance of advanced skin care with **hyaluronic acid**, a prestige ingredient renowned for its ability to **intensely hydrate** and **plump the skin**.

- ✦ Binds up to **1 000 times its weight in water**
- ✦ Smooths the appearance of fine lines and wrinkles
- ✦ Leaves skin feeling supple, dewy and radiant
- ✦ Enhances your skin's natural barrier and glow

1 Surface-level plumpness from high molecular weight HA

2 Mid-layer elasticity from low molecular weight HA

3 Deep-skin resilience from very low molecular weight HA

Benefits

Triple skin layer hydration

Plumping & smoothing effect

✦ High Molecular Weight HA forms a protective film on the surface of the skin to smooth and soften instantly.

✦ Skin feels more supple and looks visibly refreshed right after application.

Stimulates natural hyaluronic acid production

Long-lasting results - extends hydration over time and improves moisture retention.

Barrier repair & soothing - ideal for all skin types, including sensitive or compromised skin.

Antioxidant protection - **green Rooibos** helps to calm inflammation and protect against environmental stress.

Fragrance free.
